« E-32 † One hope that we have, when... I--I'm closing, saying this: one hope we have. While they had Samson bound, there was a new shock grewed out. I'm praying God, that He'll grow out of here, somewhere, a new shock that'll shake the Philistines like they've never been shook before. I believe God will have it. If He won't do it through the churches, He'll take a Christian business man. He'll do something another. But there'll be a shock of power, a secret power of the Holy Ghost grewed out again, just as certain as anything and it'll do the job in the last days. God grant that we're all numbered with that shock when it comes out. Let us pray.
