

And these old eagle, when he begins to get old, he finds... And he goes way up high into the cleft of the rocks, and he finds a certain rock. He gets up there. He's getting so old he can't hardly walk around. This crust is killing him, over his head.

And he takes his head and he starts beating against that rock, beating it against the rock until he knocks the crust off his head. Oh, it hurts him. You can see him up there flopping around. He will jump back (watching him through glasses), he will knock his head again. What's he trying to do? Knock that crust off. And he will bleed, and the blood will run all over him till he knocks that crust off.

76 And if he can't knock it off, he dies. But if he gets it knocked off, he will start rejoicing and screaming. You can hear him for miles, just screaming. Why? He knows that he's got all the crust off of him. He knows that his youth's going to be renewed because that he got the crust off. That's wonderful. I appreciate that for the eagle.

So God wants **immediate** action. If you love Him, throw everything else aside and take Him. If you believe His Word, cast everything else away and take His Word. It's a time of decision. You have to make up your mind.

Now, you've got to make up your mind. You've got to make a choice. And this may be your last time to make a choice. Tomorrow may be too late. God might have chose you to Eternal Life. But if you

don't make up your mind and accept it, somebody else **will take your place**. Maybe tomorrow will be that time. God may be wanting to empty this whole row of wheelchairs here tonight.

That's the same way you'll have to do. 'Cause, that's the only way there is to do it. God sends out His servants and they preach the Word. Faith cometh by hearing. What do you think about it? That's up to you to make your choice. I would advise you not to put it off. You say, "Well, I have always longed to receive the Holy Spirit. I better think it over." Don't think it over. This is the time. It's the truth. "I believe that God would heal me someday." As long as you keep that in your mind, you're a defeated person. God healed you nineteen hundred years ago. Now is the day of your decision when you hear the message that Christ was wounded for your transgressions, with His stripes you were healed. This is the time now to believe it.
